Introduction

International Camp

"My Camp in Greece" (MCG) is a Greek family-owned camp with experience in organizing camps for children aged 12 to 18, welcoming participants from many countries.

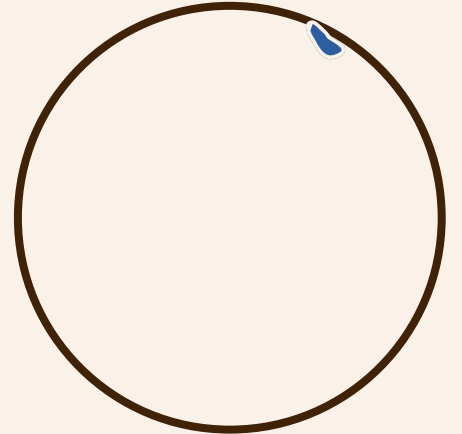

Map

Our school is based in Nafpaktos, a beautiful town in central Greece, famous for its scenic Venetian harbor and historic medieval castle. It's also close to some of Greece's most iconic historical sites, like ancient Olympia, the birthplace of the Olympic Games, and Delphi, home of the legendary Oracle.

With its stunning beaches, vibrant local culture, and proximity to these world-renowned landmarks, Nafpaktos is the perfect environment for students to learn, explore, and connect with history and the Greek culture.
